Fundraising for Critical Medical Treatment Policy
Effective Date: 01/04/2026

1. **Purpose:** Islah Welfare Foundation conducts fundraising campaigns to provide financial assistance for individuals requiring critical medical treatment who are unable to meet the cost of their medical care. This policy explains how funds collected through individual medical fundraising campaigns are managed, utilized, and accounted for, ensuring transparency, fairness, and responsible stewardship of donor contributions.
2. **Individual Medical Fundraising Campaigns:** Each fundraising campaign is launched based on information and supporting medical documents provided by the beneficiary or their authorized representative. The campaign specifies an **estimated treatment cost**, which serves as the fundraising target. Actual treatment expenses may vary depending on the patient's medical condition, hospital requirements, and treatment progress.
3. **Administrative & Fund Management Cost:** To support the planning, verification, fundraising, campaign management, payment processing, documentation, compliance, monitoring, communication, and overall administration of medical fundraising activities, "normally, 20% of the total funds raised may be utilized towards administrative, staffs costs, campaign management, compliance, verification, payment processing, monitoring, and program management expenses incurred in operating of the organization (Islah Welfare Foundation). The actual percentage applied may vary depending on the circumstances of each situation".

   - The beneficiary becomes ineligible;
   - The beneficiary unfortunately passes away before full utilization of the funds;
   - The hospital or medical provider refuses or returns payment;
